

# Pre-request Process for RTLB

## Classroom

How have I tried to build a relationship with this child? What have I tried?

What data do I have that confirms that an expectation is not being met?

Have I gathered student voice?

What adaptations or changes can I make to support the child to meet expectations?

Has the student had previous RTLB intervention? Have strategies and adaptations suggested in the tātai been implemented?

Are there any other students who are having difficulty meeting the same expectations?

Implement adaptations and strategies.  
Gather data to review progress in meeting expectations

## If there is little or no progress...

## School Wide Support

Collaborate with wider school support team on ideas and support for next steps. Consider possible IEP.

Implement ideas and changes and reflect on success.

Discuss the possibility of RTLB request.

Gain parent consent.

## Liaison Support

Concern discussed at SENCo / RTLB liaison meeting.

School invites Whanau and RTLB to Te Waharoa to discuss **possible RTLB request**.

Discussion with parents. Discussion with wider school network support system
